Highlights

- The East Cut experienced some high winds and some rain. No significant flooding of sewer drains but we did have some fallen tree branches at the locations of 302 Folsom and 403 Main. Other structures affected by High Winds were a couple of light pole banners but were quickly repaired.
- On January 21st SFPD, DPW and HSOC (Healthy Streets Operations Center) were on Clementina between 1st and 2nd St and were able to have all of the encampments cleared. Many of the individuals were offered assistance from the city.
- In January, the district experienced two vehicles that caught on fire, the first one was located at top of Lansing and Guy Place. The fire department was able to get to the area and put out the fire. The second vehicle fire was was reported on January 14th at 6:39 AM by the East Cut Services team located at 25 Essex St. The team quickly contacted SFPD and the fire department arrived immediately to put out the fire.
- Jordan Summers joined the East Cut Overnight Safety Team. He has a strong background in security and was a former Site Supervisor for the Amazon warehouse in Manteca, Ca.

Jordan Summers proudly poses for his photo and performing a business contact.
